

CPC Bearing Grease HD No.2 and CPC Journal Roller Bearing Grease

- CPC Bearing Grease HD No.2 and CPC Journal Roller Bearing Grease are lithium multi-purpose grease with excellent shear stability. They can retain their consistency under high speed running and oscillating in bearings without being liquefied.
- The NLGI consistency of CPC Journal Roller Bearing Grease is No. $1\frac{1}{2}$. The grease has been proved of meeting the American Railway Association's AAR M-942 specification by U.S. Timken Bearing Co. It is suitable for Timken "AP" bearings.
- Packages: (1) 180 kg drum
(2) 15 kg pail (for Bearing Grease HD No.2)
